Biya Regime Falsely Reports Pro-Independent Leaders and Activists as Terrorists to US Government

Ambazonians take heed! The following entities are working on behalf of the Biya regime to denounce Ambazonian supporters both in Ambazonia and abroad.

- Emmanuel Nsahlai Esq.
Nsahlai Law Firm
3250 Wilshire Blvd Ste 1500,
Los Angeles, CA 90010
E-mail: nsahlai.e@nsahlailawfirm.com

- The Website Ma Kontri Pipo Dem - <http://kontripipo.com/>

The California based lawyer Nsahlai claims he represents victims of human rights violations in La Republique du Cameroun though he has not named his clients publicly. Anyone who reports any human rights violations to Mr. Nsahlai should in our opinion obtain in writing assurances that he is not a foreign agent of La Republique du Cameroun and that he is not reporting your information to the brutal, murderous and repressive Yaounde regime. Better yet, the APLM suggests avoiding him altogether given his support from the virulently anti-Ambazonian website “Ma Kontri Pipo Dem” which preaches hatred against Southern Cameroons (Ambazonia) and celebrates violence against Southern Cameroons / Ambazonian self-defense units and expresses joy at the death of every valiant Amba freedom fighter.

Nsahlai has written to Facebook. Inc. accusing the Leader of the African People’s Liberation Movement (APLM) Dr. Ebenezer Derek Akwanga and APLMer Mr. Divine Ajong of various violations of the US Code including terrorism along with Mr. Mark Bareta and a host of other pro-independentists. Anyone who take sides with the murderous, cannibalistic and brutal repressive regime that kidnapped the leader of the APLM Dr. Ebenezer Derek Akwanga, chained him for 29 days in a filthy latrine, used electrical shocks on his genitals, allowed him to be sexually molested by female gendarmerie officers, let sadistic guards set plastic bags on fire in order to drip molten plastic on his battered bare body, set him on the dreaded *balancoire* for three hours a day for seven days, locked him up in solitary confinement for 24 months while psychologically torturing him through consistent mock execution, feeding him for 14 days with human excrement and urine, refusing him the universal right to worship, attempted to assassinate him while in exile more than five times amongst other acts of bestiality cannot, morally or legitimately pretend to be a defender of human rights violations. Dr. Akwanga’s case passes the threshold of “Inhumane, Cruel and Degrading Treatment” as documented by the United Nations Human Rights Commission in

Communication 1813/2008. Whereas lawyer Nsahlai should be ashamed of his support for the octogenarian war criminal, Paul Biya.

It is APLM's firm belief that Nsahlai is being funded and directed by the repressive regime of La Republique du Cameroun. He has attacked many other Southern Cameroonian exiles in the United States denouncing them as terrorists under the US Code. It is not only laughable but suspicious for Nsahlai to report a Southern Cameroonian Texas resident to Hon. Christopher Charles Pappas, a U.S. Congressman representing the State of New Hampshire's 1st Congressional District not Texas or to involve the Ebenezer Akwanga Human Rights and Humanitarian Institute (Eahrhi), a Non-Governmental Organization which has nothing to do with the Southern Cameroonian struggle but involved in humanitarian work in four African countries targeting issues surrounding genital mutilation, early child marriages, education of the girl-child, promotion of human rights and others in his acts of legal terrorism.

The Leader of the African People's Liberation Movement is not just a victim of the brutal and repressive regime of Mr. Paul Biya of La Republique du Cameroun, but has spent significant time in his prisons and torture chambers and emerged to tell the world about it. The kleptocratic, brutal, murderous and repressive Biya regime, unable to WIN a WAR which they declared on the People of Southern Cameroonian, think they can use one of their own to unleash activities which constitute legal terrorism by harassing and intimidating pro-independent activists and leaders. The APLM will vehemently, vigorously and fervently use every available authorized means to pursue and prosecute individuals and entities doing the 'dirty job' of one of Africa's most repressive regimes.

Take heed and remember a lie has many variations, the truth none.
