

**CALIFORNIA FEDERAL JUDGE GRANTS PLAINTIFF'S MOTION TO CONCEAL THE TRUE NAMES OF PLAINTIFFS IN THE LAWSUIT FILED AGAINST TERRORIST IVO TANKU TAPANG. PLEASE JOIN OUR LAWSUIT IF YOU HAVE SUFFERED ANY LOSSES.**

February 4, 2018. Los Angeles.

The Honorable United States Magistrate Judge in the Northern District of California, in the case of *Jane Doe and John Doe v. Ivo Tanku Tapang*, Case No.: 5:18-cv-07721-NC, has **granted** plaintiffs motions to proceed under “pseudonyms” because the plaintiffs noted there is a great risk of retaliatory physical harm against them by Mr. Tapang who plaintiffs accuse of being a terrorist. For the entirety of this lawsuit and in perpetuity, defendant Tapang will not know who the real names of the plaintiffs or his accusers are. He will never be allowed to obtain this information.

Accordingly, the victims of Tapang’s terrorism, as well as other victims of terrorist or criminal actions, which have been committed under the instructions or guidance or “material support” of so-called Ambazonia leaders such as: Chris Anu, Akwanga Ebenezer, Eric Tataw, Cho Ayaba, Mark Bareta, Boh Hebert, Ajong Divine, Sako Ikome, Nso Foncha, Capo Daniel, John Akuroh, and so on, are advised to contact the attorneys for the Victims Association ([www.cameroonvictims.org](http://www.cameroonvictims.org)) at NS AHLAI LAW FIRM in all confidentiality to discuss their case: the losses they have sustained, whether of life, limb, or property, or that any family member has sustained, due to the material support of violence and terrorism by those named above or others. They may be added as plaintiffs, under pseudonyms, and no one will ever be allowed to know their real names except the attorneys. Their identities will be protected and they will be shielded from any verbal or physical harm

Should we victims prevail in this lawsuit and others to be filed, as victims of terrorist acts by Ambazonia leaders, we have secured commitments of monetary disbursements from a victims fund to be distributed to all victims named in the lawsuits.
