DEMAND FOR JURY TRIAL

I. INTRODUCTION

Plaintiffs, on behalf of themselves and all others similarly situated, who have suffered the loss of family friends, relatives, employees, agents, co-workers, laborers, and resulting from that, suffered severe emotional distress, harassment, anxiety, suffering, sleepless nights and other assorted grief and anguish due to the conduct, actions, participation, and material support of defendant CHRISTOPHER ANU FOBENEH (“FOBENEH”) to his agents, joint venture partners, forces, organizations who are armed separatist groups, culminating in the death of several employees, laborers, and agents of plaintiff, and total loss of economic interests of plaintiff Jane Doe.

Defendant FOBENEH, a terrorist, scammer, and opportunist, sensed in late 2016 a way of scamming millions of Cameroonians from their hard earned money by taking advantage of a lawyers civil protest in Cameroon, to declare a secessionist “government” he leads. He has, on information and belief, already raised several million dollars through his website www.mytriptobuea.com, and used the funds, not only to fund his lavish lifestyle for him and his accomplices, and payment of tuition for their kids and related family members, but **critically for this complaint** – and in a bid to seek legitimacy among secessionist Cameroonians – **materially supported** violent crimes of killings, kidnappings, murder, violation of students education rights, terrorism, destruction of property and infrastructure, money laundering, to justify his status as a Cabinet member of the State he formed with his accomplices called “Ambazonia”. Accordingly to United Nations Estimates as of December 2018, the conflict in Cameroon has led to the loss of about 600 civilians, and created 30,000 refugees living in Nigeria, and over 437,000 internally displaced Cameroonians suffering immeasurably. Defendant Fobeneh, along with his co-conspirators, are directly responsible for the sufferings of each and everyone noted above. For the purposes of this complaint, they are similarly responsible for the loss of lives of

1 plaintiffs employees, laborers, agents, and co-workers, and complete annihilation of
2 all economic interests of plaintiffs.

3 Further, defendant FOBENEH has violated all gun controls, firearms, and
4 explosives Federal and State laws. He has engaged in firearms, ammunition, and
5 explosives dealings in violation of all gun control and firearms licensing, exportation,
6 purchases and business laws. He has been reported to the ATF and other agencies for
7 these violations of gun control and licenses and exportation laws.

8 Mr. Fobeneh and his accomplice further created a non-profit association called
9 “Ambazonia Foundation Inc.”, obtained by making false representations to the
10 Internal Revenue Service (“IRS”) about the objectives of the non-profit. He has used
11 this non-profit to engage and finance his criminal and terrorist actions of material
12 support of terrorism and violent crimes, from his residence in the USA, directing
13 killings, and murders, and destruction of goods and property in Cameroon.

14 Terrorism is broadly defined as “the unlawful use of violence and intimidation,
15 especially against civilians, in the pursuit of political aims as,” and “international
16 terrorism,” according to 18 U.S.C. § 2331 as “activities that involve acts or acts
17 dangerous to human life that are in violation of the criminal laws of the United States
18 or of any State, that would be a criminal violation if committed within the jurisdiction
19 of the United States or of any State.” The conduct, actions, participation, and material
20 support of

21 This complaint does not seek to abrogate Mr. FOBENEH’s constitutional First
22 Amendment Rights to free speech. This case is not about inhibiting his rights to free
23 speech, or to engage in political advocacy, or as a rights group, and it expressly
24 disavows any such intentions, but it is about their conduct, actions, material support,
25 and participation in terrorism, which lead to plaintiffs irreparable injuries. FOBENEH
26 has engaged in conduct and actions equating to “training”, “expert advice or
27 assistance,” “service”, and providing “personnel” to the armed rebel fighters, which

1 he has brought all under his control, leading to deaths of innocent civilians, including
2 the parents and family members of plaintiffs.

3 The loss of one's life is never adequately compensated by monetary
4 compensation, nor is the permanent loss of all economic interests of plaintiff.
5 Accordingly, this complaint will also seek a Temporary Restraining Order,
6 preliminary and permanent injunction, as well as declaratory relief, against any and
7 all conduct, actions, participation, and material support of terrorism against
8 FOBENEH, his organizations, supporters, accomplices, and DOES defendants, who
9 will be named once discovery gets going and they are identified.

10 Fobeneh, an erstwhile "pastor" who supports a genocide in Cameroon if it
11 would enrich him and his Ambazonia Interim Government ("AIG"), has brainwashed
12 youths of Cameroon, giving them firearms illegally procured from his residence in the
13 USA, and telling them that he has provided them with "Odeshi" which is a voodoo
14 bullet-proof vest, which will prevent a bullet from striking them, and hence they can
15 go and commit his killings spree on his behalf without fear. Sadly, some of the young
16 gullible youths and child soldiers have been brainwashed by his preaching, and they
17 have killed, maimed and tortured employees and laborers of plaintiff who violated his
18 edict, so much so that plaintiff's entire work force is totally scared of going to work,
19 for fear of life, limb, or burning of their homes.

20 To entice further followers, Mr. Fobeneh and his supporters have claimed their
21 actions are "ordained by God", thus seeking a Sovereign or Godly Papal-like authority
22 to recruit their fighters and followers, and commit their terrorism and violence.

23 Plaintiffs will file, as appropriate, criminal complaints with the FBI offices with
24 jurisdiction over FOBENEH's residence, police reports with local police terrorism
25 units, as well as complaints with the immigration authorities for his immigration law
26 violations. Plaintiffs will also file complaints with the ATF for his illegal firearms,
27

ammunition, and explosives purchases. Plaintiffs seek, and will get, God willing, justice for themselves and all others similarly situated.

NATURE OF ACTION

1. This is an action for Temporary Restraining Order, Preliminary and Permanent Injunction, as well as damages against CHRISTOPHER ANU FOBENEH and DOES 1-5000, pursuant to the Antiterrorism Act, 18 U.S.C. § 2333 (“ATA”) for aiding, abetting, accessories to crime before and after the fact, and knowingly providing material support and resources to armed militia groups that carried out Attack that killed plaintiff’s father that killed plaintiff Jane Doe’s father and brother, plaintiff John Doe’s father, as wells attacks throughout circa October 2016 to present that has killed hundreds of innocent civilians, who are the parents, children, and spouses, of US citizens and residents natives of Cameroon.

2. The ATA’s civil remedies have served as an important means for enforcing the federal criminal anti-terrorism provisions since the early 1990s.

3. Congress enacted the ATA in October 1992 as a legal complement to criminal penalties against terrorists that kill or injure Americans abroad, specifically intending that the civil provisions would not only provide a mechanism for compensating victims of terror but also serve as an important means of depriving terrorists of financial resources to carry out attacks.

4. Following the bombing of the World Trade Center in New York by al-Qaeda in 1993, Congress targeted terrorist resources again by enacting 18 U.S.C. § 2339A in September 1994, making it a crime to provide material support or resources knowing or intending that they will be used in preparing or carrying out terrorist acts.

5. In April 1996, Congress further expanded the effort to cut off resources to terrorists by enacting 18 U.S.C. § 2339B, making it a crime to knowingly provide material support or resources to a designated foreign terrorist organization.

1 6. In the wake of the terror attacks on the United States by al-Qaeda on
2 September 11, 2001 killing nearly 3,000 Americans, Congress amended the “material
3 support” statutes, 18 U.S.C. §§ 2339A-B, via the PATRIOT Act in October 2001 and
4 the Intelligence Reform and Terrorism Prevention Act of 2004, to impose greater
5 criminal penalties for violating these statutes and to expand the definition of “material
6 support or resources” prohibited thereby.

7 7. The Ambazonia Interim Government (“AIG”), of which FOBENEH is
8 the spokesperson, cabinet member, Secretary of Communications and IT, as well as
9 one of the founding fathers and **de facto leader**, is the self-annointed “government”
10 of a most violent and repressive Ambazonian separatist movement, and, upon the
11 coordination and planning and support of Fobeneh, it has pooled together all armed
12 fighters in their “Ambazonia” region under its Umbrella.

13 8. In reality, the AIG is a RICO criminal enterprise, a scam, formed under
14 the umbrella of a newly approved 501 c IRS non-profit organization called Ambazonia
15 Foundation Inc., with a determination letter of Approval from the Internal Revenue
16 Service (“IRS”) dated in September of 2018, and no doubt the IRS has no clue as to
17 the true objectives of this non profit organization, which has an aim of siphoning
18 money off innocent and ignorant Cameroonians, under the guise of “fighting” for
19 secession.

20 9. Through their illegally obtained non-profit organization as a 501c which
21 he and his accomplices tricked the IRS to approval – and as a 501c non-profit, they
22 are not supposed to engage in political and legislative lobbying which they
23 consistently do, nor the purchase of firearms, or material support of crimes and
24 violence – they have raised funds, and financed fighters in Cameroon which have
25 killed plaintiffs laborers, cut their fingers, burnt their houses, if they disobeyed their
26 edicts, such as, “ghost town,” which prevents any civilian from stepping out of their
27 home or going to work.

1 10. Officially, AIG aims to raise the cost of Cameroon's government in the
2 North West and South West regions of Cameroon to be higher than the profits the
3 country gets from there; their aim is to make North-West and South-West regions of
4 Cameroon “ungovernable”, and to coerce, intimidate, kill, kidnap, harm any innocent
5 civilians who do not obey or agree or subscribe to their political goals.

6 11. At several points in 2018, Amnesty International and Human Rights
7 Watch have accused the AIG separatists, materially supported by defendant
8 FOBENEH and DOES defendants, of violently enforcing the boycott of government
9 schools by destroying over 40 schools and assaulting teachers who refused to comply.
10 They’ve also been accused of kidnapping civilians suspected of working with the
11 government.

12 12. FOBENEH, and the AIG, have repeatedly threatened to kill or harm
13 civilians, and do kill and harm civilians, who engage in any civic duty such as going
14 to school, voting, or not adhere strictly to their revolutionary edicts.

15 13. FOBENEH and DOES Defendants knowing provide material support to
16 the AIG, its fighters, agents, and related organizations, with the knowledge and intent,
17 that they execute violent acts and crimes, in violation of USA laws, and such violent
18 acts and crimes, not only harm Cameroonians living within Cameroon, but also a
19 substantial portion of USA citizens of Cameroonian origin, whose parents, siblings,
20 children, extended family are killed, businesses ruined, property stolen, and thus they
21 suffer intolerable pain and anguish; or kidnappings, and the US based Cameroonians
22 are contacted to pay ransom, as happens hundreds of times.

23 14. By providing material support and platform, including Does defendants
24 holding fund raising activities for FOBENEH and the AIG, FOBENEH violated the
25 federal prohibitions on providing material support or resources for acts of international
26 terrorism (18 U.S.C. § 2339A), and committed acts of international terrorism as
27 defined by 18 U.S.C. § 2331, as well as violated numerous other Federal and State
28

1 criminal laws, as described further below. Accordingly, FOBENEH and Doe
 2 defendants are liable pursuant to 18 U.S.C. § 2333 to the plaintiffs, who were injured
 3 by reason of acts of international terrorism.

4 15. Plaintiffs' claims are based not upon the speech communications of
 5 FOBENEH and Does defendants on social media postings, but upon Defendants
 6 provision of the infrastructure, platform, which provides material support to AIG and
 7 related armed militia in Cameroon.

8 THE PARTIES

9 16. Jane Doe, a resident of this County, has had her employees killed, fingers
 10 cut, feet sliced, houses burnt, when ever Fobeneh's agents realize that they have gone
 11 to work to her place of business.

12 17. The nondisclosure of Jane Doe's identity is necessary for Jane Doe and
 13 her family's life, as FOBENEH and his AIG are currently operational and engaging
 14 in consistent acts of terrorism. As the 9th Circuit has held, pseudonyms may be used
 15 to protect a party from "injury", and "a party may preserve his or her anonymity in
 16 judicial proceedings in special circumstances when the party's need for anonymity
 17 outweighs prejudice to the opposing party and the public's interest in knowing the
 18 party's identity." *Does I thru XXIII v. Advanced Textile Corp.*, 214 F.3d 1058, 1067-
 19 68 (9th Cir. 2000)(quoting *United States v. Doe*, 655 F.2d 920, 922 n.1 (9th Cir. 1981)).
 20 Plaintiffs will seek leave of court to proceed under a pseudonym.

21 18. DOES Plaintiffs 1 -1000 are nationals of Cameroon, whether living in
 22 the USA or in Cameroon, who have suffered injury or harm, whether to themselves,
 23 or death of their parents and siblings, or loss of all economic interests and property,
 24 due to the actions of FOBENEH and DOES Defendants.

25 19. Like minded Plaintiffs have setup a website, www.cameroonvictims.org,
 26 where similar plaintiffs, whether residing in the USA or in Cameroon, may submit in
 27

1 confidentiality the story of their loss, so that plaintiff's attorney may join them in this
2 lawsuit.

3 20. Defendant CHRISTOPHER ANU FOBENEH, an individual, resides
4 within the territorial jurisdiction of the United States of America.

5 21. DOES defendants 1 through 5000 are US residents, nationals, citizens,
6 who are natives of Cameroon, who have provided financial and other material support,
7 including training, expert advice or assistance, service, and personnel, to named
8 defendant FOBENEH, his AIG, agents, fighters, and related organizations, in
9 violation of Federal and State Anti-terrorism laws, and other criminal statutes.

10 11 JURISDICTION AND VENUE

12
13 22. The Court has jurisdiction over this case under 28 U.S.C. §1331 (federal
14 question jurisdiction); and 28 U.S.C. §1332 (diversity jurisdiction).

15 23. Jurisdiction over this action further exists pursuant to 28 U.S.C. §1332,
16 as there is complete diversity of citizenship between the parties and the amount in
17 controversy herein exceeds \$75,000.00, exclusive of costs.

18 24. Venue lies in the Central District of California because one of the
19 plaintiffs resides in this district, and pursuant to 18 U.S.C. §1332.

20 25. Venue is further proper in this district pursuant to 18 U.S.C. §2334(a).

21 26. The defendant FOBENEH is subject to jurisdiction pursuant to 28 U.S.C.
22 §1331, in that, as set forth in detail below, this action: seeks money damages against
23 FOBENEH for injury and death and loss of business and property caused by Fobeneh,
24 which constitutes an act of "international terrorism" in the United States as defined in
25 18 U.S.C. §2331. Because of his material support of terrorism and violence,
26 FOBENEH's material support actions led to the deaths of plaintiffs and their loved
27 ones.

27. The defendant FOBENEH is also subject to jurisdiction pursuant to 28 U.S.C. §1331 in that, as set forth in detail below, this action seeks money damages against the FOBENEH for injury and death occurring in the United States and caused by the tortious act or omission of the FOBENEH and/or one or more of his agents or partners acting within the scope of their agency or partnership.

II. FACTUAL ALLEGATIONS

A. LEGAL BACKGROUND: ANTITERRORISM LEGISLATION

i. The Antiterrorism Act (“ATA”)

28. In the 1980's, terrorist groups carried out a number of major terror attacks around the world, killing and injuring many Americans abroad.

29. Among these terror attacks were:

- a. The April 1983 suicide bombing of the U.S. Embassy in Beirut, Lebanon, killing 63 people, including 17 Americans;
- b. The October 1983 suicide bombing of U.S. Marine barracks in Beirut, Lebanon, killing 241 U.S. Marines and injuring more than 100;
- c. the December 1983 terrorist bombings of the U.S. Embassy and the residential quarters of American company Raytheon in Kuwait;
- d. The September 1984 terrorist bombing of a U.S. Embassy annex northeast of Beirut, Lebanon;
- e. The June 1985 hijacking of TWA flight 847;
- f. The October 1985 hijacking of the Achille Lauro cruise ship and murder of wheelchair-bound American Leon Klinghoffer; and
- g. The December 1985 terrorist bombings of the Rome and Vienna airports.

1 30. In response to these attacks, Congress in 1986 amended the U.S. Criminal
2 Code, Title 18, Part I, to add a new chapter titled, “Extraterritorial Jurisdiction Over
3 Terrorist Acts Abroad Against United States Nationals.”

4 31. This new chapter contained a new section titled, “Terrorist acts abroad
5 against United States nationals,” providing criminal penalties for killing, conspiring,
6 or attempting to kill a national of the United States, or engaging in physical violence
7 with the intent to cause serious bodily injury to a national of the United States or that
8 results in serious bodily injury to a national of the United States.

9 32. In addition, Congress later enacted the ATA, which established a private
10 cause of action for U.S. nationals injured by acts of international terrorism, as a legal
11 complement to the criminal penalties against terrorists that kill or injure Americans
12 abroad.

13 33. In enacting the ATA, Congress specifically intended that the civil cause
14 of action would not only provide a mechanism for compensating victims of terror, but
15 also serve as an important means of depriving terrorists of financial resources to carry
16 out attacks.

17 34. As the ATA was being considered in Congress, the State Department’s
18 Deputy Legal Advisor, Alan J. Kreczko, testified before the Senate Judiciary
19 Committee’s Subcommittee on Courts and Administrative Practice that this proposed
20 bill “will add to the arsenal of legal tools that can be used against those who commit
21 acts of terrorism against United States citizens abroad.”¹

22 35. The Deputy Legal Advisor also testified:
23
24

25 _____
26 ¹ “Statement of Alan J. Kreczko, Deputy Legal Adviser, On S. 2465: A bill to provide a new civil cause
27 of action in federal court for terrorist acts abroad against United States nationals,” Before the
28 Subcommittee on Courts and Administrative Practice of the Senate Judiciary Committee (July 25,
1990), <https://www.state.gov/documents/organization/28458.pdf>.

1 “[T]his bill will provide general jurisdiction to our federal courts and a cause of
2 action for cases in which an American has been injured by an act of terrorism
overseas.

3 We view this bill as a welcome addition to the growing web of law we are
4 weaving against terrorists. . . . The existence of such a cause of action . . . may
5 deter terrorist groups from maintaining assets in the United States, from
6 benefiting from investments in the U.S. and from soliciting funds within the
U.S. In addition, other countries may follow our lead and implement
complimentary national measures, thereby increasing obstacles to terrorist
operations.

7 Moreover, the bill may be useful in situations in which the rules of evidence or
8 standards of proof preclude the U.S. government from effectively prosecuting
9 a criminal case in U.S. Courts. Because a different evidentiary standard is
involved in a civil suit, the bill may provide another vehicle for ensuring that
terrorists do not escape justice.”²

10
11 36. Likewise, Senator Grassley, one of the sponsors of the bill,
12 explained a purpose of ATA’s civil cause of action as follows:

13 “The United States must take a strong stand against terrorism. The Department
14 of State testified that this bill would add to the arsenal of legal tools that can be
15 used against those who commit acts of terrorism against U.S. citizens abroad.

16 . . .

Now is the time for action. Now is the time to strengthen our ability to both
deter and punish acts of terrorism.

17 We must make it clear that terrorists’ assets are not welcome in our country.
18 And if they are found, terrorists will be held accountable where it hurts them
19 most: at their lifeline, their funds.”³

20 37. In July 1992, a Senate Committee Report explained that the ATA’s
21 treble damages provision “would interrupt, or at least imperil, the flow of money” to
22 terrorist organizations.

23 38. In October 1992, Congress enacted ATA’s civil provisions,
24 including 18 U.S.C. §2333.

B. The “Material Support” Statutes and Regulations

39. On February 26, 1993, a group of *al-Qaeda* terrorists detonated a truck bomb under the North Tower of the World Trade Center in New York City, attempting to cause the collapse of both towers and the death of thousands of Americans.

40. Although the damage from the World Trade Center bombing was limited, it nevertheless killed six people and injured more than one thousand.

41. In response, Congress again took aim at the resources available to terrorists in September 1994 and enacted 18 U.S.C. § 2339A, making it a crime to provide material support or resources to terrorists, knowing or intending that they would be used for terrorist acts.

42. FOBENEH and DOES defendants engage in the provision of material support of terrorism through their AIG and its agents and soldiers, as defendants conduct through fund raising meetings, declarations for actions which incite immediate and imminent harm to innocent civilians, their officially declared aim of conduct intimidation and threats against civilians, of kidnappings, and their acknowledged kidnappings, killings, of civilians they find non-compliant with their civilian goals. FOBENEH provides expert advice or assistance, personnel, training, and service to the AIG and related armed militia who conduct acts of violence, intimidation, killings against civilians in the Anglophone regions of Cameroon.

**PLAINTIFF SPECIFIC FACTUAL ALLEGATIONS AGAINST
FOBENEH AND HIS ORGANIZATION AIG**

43. Plaintiffs seek such relief against FOBENEH for the attributable acts of the AIG armed groups in the North West and South West regions of Cameroon, its bodies, alter -egos, and officers, employees and agents acting within the scope of their office, employment or agency by FOBENEH knowingly providing material support

1 and resources to the AIG armed groups and facilitating the deaths of hundreds of
 2 others, in that, as set forth in detail herein, he:

- 3 a. Raised, laundered and paid substantial financial support to AIG armed
 4 groups to fund its budget and terrorist activities, including intimidation
 5 of civilians, and destruction of property.
- 6 b. Funded the terrorist training camps in the North-West and South-West
 7 regions of Cameroon where AIG armed groups indoctrinated and taught
 8 their soldiers how to carry out guerilla warfare, intimidation, violence,
 9 and terrorism against any military or uncooperative or unsupportive
 10 civilians.
- 11 c. Provided critical logistical support and resources to AIG armed groups
 12 around North-West and South-West regions of Cameroon, funding safe
 13 houses, transferring AIG armed groups money, weapons and equipment
 14 across international borders and other assistance, all of which enabled
 15 AIG armed groups to conduct the attacks that killed plaintiffs parents and
 16 kills scores of other civilians, as well as resulted in total economic losses
 17 for plaintiff.
- 18 d. Actively supported AIG armed groups in its final preparations for the hit
 19 and run attacks and kidnappings, through a network of the their soldiers,
 20 officers, and/or agents who met with and aided the AIG killers, providing
 21 them with money, cover, advice, contacts, transportation, assistance and
 22 other material support and resources.

23 44. Provides expert advice or assistance to the AIG and related organizations
 24 through his regular Facebook postings, YouTube videos, which advises the AIG
 25 fighters how, when, to act, stance to adopt, how to react, and instructions on
 26 punishments to meter to innocent civilians who don't obey, including plaintiffs
 27 parents.

1 45. FOBENEH provides the aforementioned services to the AIG and related
2 organizations as described above. His services also include recruiting “personnel” for
3 the AIG and related organizations, serve as media and public relations for the AIG
4 and related organizations and armed militia groups.

5 46. Provides AIG and the armed militia with training on how to engage in
6 subterfuge, propaganda, to achieve their goals of separation from the Republic of
7 Cameroon.

8 47. All the above-noted actions are in violation of 18 U.S.C. §§ 2339A and
9 related anti-terrorism and criminal statutes, the statutes that prohibits the provision of
10 material support with the knowledge or intent that the support be used to carry out a
11 terrorist attack, and other criminal statutes.

12 48. Due to the above-noted actions, at several periods circa September 2016
13 to present, whenever plaintiff’s laborers, workers, agents go to plaintiff’s place of
14 business, they are killed, kidnapped, their fingers cut, maimed, tortured, or other
15 despicable act committed against them, all arising from the instructions of Fobeneh.

16
17 **DOCUMENTS AND POSTS BY FOBENEH SUPPORTING ALL**
18 **FACTUAL ALLEGATIONS**

19 49. Mr. Fobeneh, probably in a tactic designed to shield himself from
20 criminal and civil liability, tries to provide his material support services and expert
21 advise and assistance in slightly ambiguous terms, but the actual meanings of his
22 words comprise instructing his armed groups to go kill and murder and commit arson
23 or other violent crime or terror against anyone who opposes his political goals. In a
24 Press Release on November 12, 2018, Mr. Fobeneh instructed his armed groups to kill
25 Cameroon French soldiers. **Exhibit A.** His use of the term “dealing with them as need
26 be” is a coded meaning for kill them. **See Exhibit A.** We represent some of their
27 spouses, not named as plaintiffs in this lawsuit, for their protection.

1 50. In fact, on multiple occasions in September, October and November,
 2 2018, Mr. Fobeneh materially supported the commission of massacres against the
 3 U.N. personnel unless they provide “peace keeping forces.” See, for example, **Exhibit**
 4 **B.** On information and belief, his message constituted a material support and
 5 incitement which led to his armed militia killing American Charles Wesco, brother of
 6 Indiana State Representative Timothy Wesco, on October 30, 2018.

7 51. In a Press release dated November 14, 2018, Mr. Fobeneh declared any
 8 lawyers who participated in Cameroon Bar Association elections to have acted in
 9 “betrayal” and “treason” against his Government of Ambazonia. **Exhibit C.**
 10 Consequently, several Cameroonian lawyers, including this attorney, received death
 11 threats, while others were reportedly beaten by his armed militia.

12 52. In another public posting, Mr. Fobeneh asked that his supporters kill the
 13 President of the Republic of Cameroon. **Exhibit D.** This violates Federal law against
 14 seeking the overthrow of a government by means of Force.

15 53. In addition, against all US laws on education for children, and in
 16 particular laws on compulsory education for minors, Mr. Fobeneh and his
 17 conspirators, through their material support of violence and terror and in publicly
 18 seeking to make Cameroon “ungovernable”, have prevented children in the North
 19 West and South West regions from going to school for over two years. Students that
 20 disobey have had their hands cut with knives, raped, or beaten to near death. In veiled
 21 threats to discourage parents from sending their children to school, Mr. Fobeneh’s
 22 press release tells parents “your children go to school at your own risk.” **Exhibit E.**
 23 Again, we note that Mr. Fobeneh, to escape liability, uses the terms quoted above, but
 24 by consistently proclaiming, not only in this post, but in all many other posts, that it
 25 is unsafe for children to go to school, they risk being kidnapped, he is in fact materially
 26 supporting the armed groups that have kidnapped children and burnt schools to
 27 prevent schools from opening until their political goals are met.

1 54. On May 8th, 2018, Mr. Fobeneh wrote a post indicating that all landlords
2 should terminate the leases of “colonial administrators of French Cameroun.” **Exhibit**
3 **G.** In the last week of June 2018, as well as July through present, acting in furtherance
4 of Mr. Fobeneh’s edict, and due to the material support provided by Mr. Fobeneh,
5 several of plaintiffs laborers, workers, personnel, were killed, or maimed, or tortured,
6 or their homes burnt.

7 55. Subsequent to June 25, 2018, Mr. Fobeneh called for all armed groups to
8 come under his organization (See **Exhibit F**), and most did in fact comply, enabling
9 him to control and direct all the violent and terrorists acts from that date against
10 innocent civilians, many of whom we represent, who have lost loved ones, and/or are
11 refugees or internally displaced.

12 56. In a press release dated March 22, 2018, Mr. Fobeneh instructed his
13 armed supporters to threaten, intimidate, and terrorize “every wanna be Senators and
14 Councilors who want to vote.” Due to this incitement, participation, and material
15 support of violence and terror through this press release, innocent citizens who sought
16 to vote during elections were killed, tortured, kidnapped, mutilated, and their
17 properties burnt, including many of our clients.

18 57. In an article entitled “Disagreeing to Agree”, dated March 12, 2018,
19 attached as an **Exhibit H**, Mr. Fobeneh declared “I have said that hit and run
20 kidnappings are good strategies as far as the targets are certain institutions and very
21 high profile individuals like SDOs and some of these recalcitrant politicians.” He goes
22 on, “And you know where hit and run can be most effective too? Of course, LRC
23 territory and their economic interests.” Acting on this incitement, material support,
24 and participation from Fobeneh, his armed militias have engaged in consistent
25 intimidation, brutality, atrocity, torture, killing of any of plaintiff’s employees who
26 dares to go to work because they consider plaintiff’s business as a “colonial” property.
27 In addition, Mr. Fobeneh’s armed militia have now engaged in systematic kidnappings
28 of individuals and politicians, as well as killings and attempted assassinations.

FOBENEH's knowledge of AIG armed groups and its terrorist agenda against decedents from October 2016 to present.

58. FOBENEH has promised death, harm, retribution, and injury to any civilians who dare opposes any AIG policies. He has consistently supported violence, intimidation, and criminal acts against civilians who do not strictly abide by his organization's edicts, such as, "ghost town", where all shops must be closed, and "no schools," a prohibition against students returning to school until his aim of an independent Ambazonia state is achieved, or he has scammed enough Cameroonians from millions of dollars in contributions via his illegal vehicles www.mytriptobuea.com or Ambazonia Foundation Inc.

59. At all relevant times mentioned herein, FOBENEH adopted an extremist version of secession, seeking violence and terror and kidnappings and intimidation against any non-compliant civilian as the means to achieve secession from the Republic of Cameroon.

60. As detailed herein, FOBENEH's AIG agents, partners, and joint venture associates, continued to provide material support and resources for AIG armed groups through late 2016, and including May 20, 2018 to present, combined actions that led to plaintiffs loss by brutal killings of employees, laborers, agents, and total loss of economic activity at plaintiff's place of business.

FOBENEH's tortious acts were a proximate cause of the Attacks causing the death of plaintiffs employees, torture and maiming of plaintiffs employees, and total loss of operations and business for over two years.

61. FOBENEH and his accomplices, and DOES defendants, set in motion, a series of postings, threats, warnings, to any Anglophone civilian who dares not obey them, or who they consider "French speaking", should be killed, maimed, and their property destroyed or burnt.

62. Whenever plaintiffs employees, laborers, agents, disobey the mandate of Fobeneh emanating from the USA, they are killed, tortured, maimed, or other atrocity befalls them.

FOBENEH's direct funding of AIG

63. FOBENEH is responsible for coordinating and raising substantial funding for AIG armed groups that was vital to the operation of that terrorist organization and its preparations for the attacks that kill plaintiff's employees, maims and tortures them, and burns their property. father, as well as hundreds of civilians:

64. Top ranking FOBENEH sympathizers made substantial financial contributions to AIG armed groups;

65. From 2017 through and including present FOBENEH, acting through his agents, joint venture associates, and partners, including Does Defendants 1-5000, have raised money through meetings, groups, social media, to support their AIG fighters and related organizations in executing their stated political aims and official positions, which includes terrorism as defined in USC code against innocent civilians. Some of these civilians have relatives abroad here in the USA, and their death, torture, kidnapping directly affects their USA citizen families.

FOBENEH's material support of AIG camps used to indoctrinate and provide terrorist training for AIG soldiers

66. FOBENEH's AIG fighters and others involved in supporting violence, terrorism, and other attacks by armed separatist groups from late 2016 to present, were indoctrinated and given their terrorist training necessary to prepare for and execute attacks that killed plaintiffs parents, and other attacks at one or more AIG armed groups terrorist training camps located in the bushes of the North-West and South-West regions, far from where there are roads or easy accessibility.

1 67. Prior to and including 2016 to present, FOBENEH provided logistical
2 support to AIG armed groups in additional ways, as will be determined through further
3 investigation, disclosures and discovery of FOBENEH.

4
5 **FOBENEH's material support for AIG armed groups'**
6 **planning and execution of the attacks that killed plaintiff's employees,**
7 **maimed them, tortured them, and burnt their property.**

8 68. FOBENEH provided material support and resources for AIG armed
9 groups and their fighters directly linked to the actual planning and execution of the
10 Attacks that killed plaintiff's employees and laborer at various dates from late 2016
11 to present, various torture actions, maiming, and destruction of property. This is in
12 addition to numerous other attacks numbering in the hundreds from late 2016 to
13 present, attacks against students who seek to go to school, government officials, and
14 other innocent civilians. His material support of terrorism and crimes includes:

- 15 i. Fund raising
- 16 j. Using his Facebook posts to provide instructions on strategy, policy, and
17 AIG regulations
- 18 k. Recruiting of fighters
- 19 l. Assistance with procuring and providing weapons, equipment, and other
20 tangible materials.
- 21 m. Coordination with other separatists groups abroad and in Cameroon
- 22 n. Leadership of the AIG in the USA
- 23 o. Expert advice and assistance on how to obtain separation by violence and
24 force from Cameroon
- 25 p. Assistance with the training of AIG fighters
- 26 q. Using other social media such as email, twitter, Skype, WhatsApp to
27 promote AIG violent agenda, plan the dates and times of attacks, and other
28 activities in violation of USA laws.

- 1 r. Recruiting of administrative personnel in the USA to assist the AIG in all
2 aspects of its goals.
- 3 s. Providing media relations service, coordination services, for the AIG in the
4 USA; and so on and forth, without limitation.

5 **FOBENEH's domination and control of AIG conduct**

6 69. As set forth herein, at all relevant times, FOBENEH used his position
7 from the USA, which he regards as a safe haven and beyond the reach of plaintiffs
8 attorneys based in Cameroon, to effectuate all the various services, conduct, and
9 duties, without limitation, listed in the preceding paragraphs.

10 70. FOBENEH is the spokesperson of the AIG and de facto leader of the AIG
11 in the United States.

15 81. FOBENEH's conduct amounted to a violation of 18 U.S.C. § 2339A in
16 that it concealed or disguised the nature, location, source, or ownership of AIG armed

 20 **SECOND CAUSE OF ACTION**
 21 **FOR PERSONAL INJURY DAMAGES PURSUANT TO THE ALIEN**
 22 **TORT CLAIMS ACT**

23 87. Plaintiffs repeat and re-allege all of the preceding paragraphs as if fully
 24 set forth herein.

25 88. The Alien Tort Claims Act, 28 U.S.C. §1350, allows aliens to sue for
 26 torts committed in violation of the law of nations, international law or a treaty of the

THIRD CAUSE OF ACTION FOR RICO (18 U.S.C. § 1962(C))

91. Plaintiff re-alleges and incorporates by reference all prior paragraphs of this Complaint and paragraphs in the counts below as though set forth fully herein.

92. FOBENEH and all Does Defendants 1 – 5000 (collectively “Defendants”) are all “persons” within the meaning of 18 U.S.C. § 1961(3). At all relevant times, Defendants conducted the affairs of an Enterprise—which affected interstate and foreign commerce—through a pattern of racketeering activity, in violation of 18 U.S.C. § 1962(c).

A. AIG is the Racketeering Enterprise

93. AIG is a Racketeering Enterprise, as that term is used in 18 U.S.C. § 1961(4). The Enterprise was formed by January of 2017.

94. AIG had an ongoing organizational framework for carrying out its objectives.

95. As described above, FOBENEH and each DOES Defendant participated in the operation or management of the Enterprise.

96. Because AIG raises millions of dollars to support their terrorist operations in Cameroon, by contacting sympathetic USA based Anglophone Cameroon natives, it affects interstate and foreign commerce.

97. FOBENEH and each DOES Defendant conducted and/or participated in the affairs of the Enterprise through a pattern of racketeering activity, including acts indictable under 18 U.S.C. §2(a) — Aiding, abetting, counseling, commanding, inducing or procuring a federal crime; 18 U.S.C. §371 — Conspiring to commit a federal crime; 18 U.S.C. §2332b — Conspiring to commit an act of terrorism; 18 U.S.C. §2339A - Providing material support to terrorists; 18 U.S.C. §2339C - Prohibitions against the financing of terrorism; without limitation.

B. Alternatively, and at the Very Least, AIG Was Part of an Association-In-Fact Enterprise

98. Alternatively, and at the very least, AIG was part of an Association-In-Fact Enterprise comprising FOBENEH and DOES defendants, AIG, and similar

1 organizations. . The Association-In-Fact Enterprise was formed by at least January
 2 2017. From that time until present, the members of the Association-In-Fact Enterprise
 3 worked together to further their mutual goals of separation from the Republic of
 4 Cameroon to form an Ambazonia state, using guerilla tactics, terrorism, providing
 5 material support to AIG fighters and related organizations, violence and intimidation
 6 of Anglophone Cameroonians who do not support their political aims, kidnappings,
 7 and other evil atrocities.

8 99. The Association-In-Fact Enterprise has an ongoing organizational
 9 framework for carrying out its objectives. In fact, the Association-In-Fact Enterprise
 10 could not have carried out its intricate task of sharing confidential information at the
 11 moments when it would be most beneficial to AIG unless it had some structure for
 12 making and communicating group decisions. The Association-In-Fact knows how to
 13 reach its AIG fighters, agents, camps to provide instructions on what carnage to
 14 execute on designated dates and times, including the Attack that killed plaintiff's
 15 father.

16 100. As described above, each Defendant participated in the operation or
 17 management of the Association-In-Fact Enterprise, and benefitted financially from the
 18 enterprise.

19 101. Because the Association-In-Fact Enterprise's activities including the
 20 raising of funds from Cameroon native sympathizers across the 50 states of the USA,
 21 using interstate transportation and communications, traveling interstate to give
 22 speeches, incite support, obtain goods and services for the AIG based operatives in
 23 Cameroon, it affected interstate and foreign commerce.

24 **C. RICO Predicate Acts**

25 102. Each Defendant conducted and/or participated in the affairs of AIG and
 26 the Association-In-Fact Enterprise through a pattern of racketeering activity,
 27 including acts indictable under 18 U.S.C. §2(a) — Aiding, abetting, counseling,

1 commanding, inducing or procuring a federal crime; 18 U.S.C. §371 — Conspiring to
 2 commit a federal crime; 18 U.S.C. §2332b — Conspiring to commit an act of
 3 terrorism; 18 U.S.C. §2339A - Providing material support to terrorists; 18 U.S.C.
 4 §2339C - Prohibitions against the financing of terrorism; without limitation.

5 103. Additional facts, conduct, actions, of FOBENEH and DOES defendants,
 6 including AIG, acting jointly, and in concert with each other, are as noted in the
 7 Exhibit A and Exhibit B documents listed with links to the videos, as well as videos
 8 listed, with hyperlinks to the videos.

9 **C. RICO Damages**

10 104. Plaintiff has been injured by Defendants' violation of 18 U.S.C. §
 11 1962(c). Defendants caused enormous harm to Plaintiff, as described above. All of
 12 these injuries occurred within the United States.

14 **FOURTH CAUSE OF ACTION**

15 **FOR RICO CONSPIRACY (18 U.S.C. § 1962(D))**

16 105. Plaintiff re-alleges and incorporates by reference all prior paragraphs of
 17 this Complaint and paragraphs in the counts below as though set forth fully herein.

18 106. Defendants conspired with each other to violate 18 U.S.C. § 1962(c).
 19 Defendants knowingly agreed, combined, and conspired to conduct the affairs of the
 20 Enterprise or the Association-In-Fact Enterprise through AIG operations, Interim
 21 Government ("IG") operations, Southern Cameroons Defense Forces (SOCADEF)
 22 operations, and the like. Each Defendant agreed that the operation would involve
 23 repeated violations of 18 U.S.C. §2(a) — Aiding, abetting, counseling, commanding,
 24 inducing or procuring a federal crime; 18 U.S.C. §371 — Conspiring to commit a
 25 federal crime; 18 U.S.C. §2332b — Conspiring to commit an act of terrorism; 18
 26 U.S.C. §2339A - Providing material support to terrorists; 18 U.S.C. §2339C -
 27

Prohibitions against the financing of terrorism; without limitation Defendants' conspiracy to violate 18 U.S.C. § 1962(c) violated § 1962(d).

107. Plaintiffs have been injured by Defendants' violation of 18 U.S.C. § 1962(d). Plaintiffs have been injured by Defendants' violation of 18 U.S.C. § 1962(c). Defendants caused enormous harm to Plaintiff's. All of these injuries occurred within the United States.

**FIFTH CAUSE OF ACTION
LIABILITY FOR AIDING AND ABETTING ACTS OF
INTERNATIONAL TERRORISM PURSUANT TO 18 U.S.C. § 2333(a)**

108. Plaintiffs repeat and re-allege each and every allegation of the foregoing paragraphs as if fully set forth herein.

109. FOBENEH and AIG have committed, planned, or authorized activities that involved violence or acts dangerous to human life that are a violation of the criminal laws of the United States, or that would be a criminal violation if committed within the jurisdiction of the United States, including inter alia the prohibition on killing, attempting to kill, causing serious bodily injury, or attempting to cause serious bodily injury, as set forth in 18 U.S.C. § 2332, as well as crimes of assault, battery, criminal conspiracy.

110. These activities committed, planned, or authorized by FOBENEH and his AIG appear to have been, and were intended to: (a) intimidate or coerce the civilian populations of Cameroon; (b) influence the policy of the Government of Cameroon by intimidation or coercion; or (c) affect the conduct of the Governments Cameroon, France, the United States and other countries by violence, destruction of property, killings of government officials, kidnapping, and intimidation.

111. These activities committed, planned, or authorized by FOBENEH and AIG occurred partially outside of the territorial jurisdiction of the United States and constituted acts of international terrorism as defined in 18 U.S.C. § 2331(1).

112. Plaintiffs have been injured in their person by reason of the acts of international terrorism committed, planned, or authorized by FOBENEH and AIG.

116. Plaintiffs repeat and re-allege each and every allegation of the foregoing paragraphs as if fully set forth herein.

117. Defendant FOBENEH knowingly agreed, licensed, and permitted AIG and its affiliates to register and use Defendants' platform, Facebook posts, WhatsApp account, twitter, phone communications, financial support, fundraising, conduct, actions, participations, and other services to promote and carry out AIG's activities, including AIG's illegal acts of international terrorism that injured Plaintiffs.

 22 to organize violence in Cameroon, platform, Facebook posts, WhatsApp account,
 23 twitter, phone communications, and conduct, financial support, fundraising, actions,
 24 participations, other services to promote and carry out, substantially assisted AIG and
 25 other armed separatist groups in carrying out its terrorist activities, including
 26 recruiting, radicalizing, and instructing terrorists, raising funds, creating fear and
 27 carrying out attacks, among other things.

1 123. Through his actions, FOBENEH has also provided personnel to AIG and
 2 related armed separatist groups by making FOBENEH and his AIG leaders, members,
 3 and potential new recruits available to each other for mutual help, assistance,
 4 encouragement, sharing of information, services, and expert advice or assistance.

5 124. These services, equipment, and personnel constituted material support

24 129. FOBENEH engaged in negligent behavior by providing services,
 25 material support, training, expert advice or assistance, personnel, social media
 26 platform, other media communications, to AIG and related armed separatist groups.
 27

130. FOBENEH's acts of providing the aforementioned actions to AIG and other armed separatist groups constituted a willful violation of federal statutes, and thus amounted to a willful violation of a statutory standard.

131. As a direct, foreseeable and proximate result of the conduct of FOBENEH as alleged herein above, Plaintiffs has suffered severe emotional distress, and therefore FOBENEH is liable to the Plaintiffs for Plaintiffs' severe emotional distress and related damages.

Press Release

GHOST TOWNS BREAK STANDS – IGNORE ALL DISTRACTIONS

The Interim Government, IG, draws your attention to a flurry of press statements making the rounds, calling on Ground Zero GZ, to ignore IG's announcement of a TEMPORAL SUSPENSION of Mondays' ghost towns. Let it be known that the IG isn't just another group, it is the people's governing authority for the Federal Republic of Ambazonia. It does not consider communiques or statements signed by figureheads whose sole motive is derailing the struggle as relevant to decisions taken for GZ interest.

The IG asks Ambazonians, especially on Ground Zero to **DISREGARD** all press releases or statements calling for the continuation of ghost towns on Mondays within the month of December, contrary to the decision that the IG has announced. The IG took the decision taking into cognizance the season, the difficulties, the sacrifices and the trials of Ambazonians on ground zero. We thought a little break, considering the festive season won't hurt the struggle. Christmas and New Year are moments of reflections and family reunions. Our families in the war front need the five days break (just for December) to have time with family, put out some of the stress, recuperate and begin the New Year in a new spirit of resolve and courage.

The decision does not stop Restoration Forces self-defense offensives. They shall continue as usual to defend the territory, keeping a watch against the invading French Cameroun soldiers and dealing with them as need be. No Restoration Force is allowed to lay down a single bullet, talk less of a gun. Traders in our territory must be protected during these Mondays to make a little money for the families, and families should also be protected to do Christmas shopping for children. Ghost Towns resume on Monday January the 7th, 2019.

Please, pass this statement into the hands of everyone. Any other press statement on this matter not coming from the IG is null and void, and should be **DISREGARDED**.

Yours Sincerely

Chris Anu

INTERIM GOVERNMENT BANNS CAMEROUN BAR ELECTION CAMPAIGNS IN AMBAZONIA, CALLS ON COMMON LAW LAWYERS TO ABSTAIN FROM IT

The Interim Government (IG) of the Southern Cameroons/Ambazonia has been monitoring, and observing events at the Cameroun Bar Association (CBA) within and beyond Ambazonia. The IG has been informed that the CBA is organizing its elections and an Elective General Assembly has been convened in la Republique du Cameroun's economic capital, Douala. The date is 24/11/2018.

The IG observes that some Common Law Lawyers of Ambazonia origin have plans to take part in the CBA elections. Some are vying for elective posts while others want to constitute the electorate. The IG reminds our lawyers: Common Law Lawyers that it is on record that the current revolution was ignited by them in October 2016 from what started off as a strike action before transforming into a full-blown revolution, and now Biya's War on Ambazonia.

The IG also recalls that our Common Law Lawyers all went back to court after the IG in a document (taking cognizance of the many cases of unlawful detention and military trials of our people by the colonial government) issued a press statement to that effect. The IG also recalls that since after igniting this revolution, our lawyers have continued to defend our innocent citizens before the colonial courts relentlessly. Many of our compatriots have been shot dead by the trigger-happy occupying forces of Mr. Biya for a revolution started by our brave men of the law, Common Law Lawyers. Hundreds of thousands of our people are in exile. Uncounted numbers internally displaced. Over 120 villages raised into flames. And you name the rest.

On account of the above, the IG hereby bans all campaigns in respect of the CBA elections throughout the territory of Ambazonia. The IG further calls on our Common Law Lawyers to repeat what our people (our lawyers inclusive), did on the 7/10/2018 and do the obvious: BOYCOTT the CBA ELECTIONS.

Any participation by our Common Law Lawyers in the CBA elections even by proxy, shall be considered an act of betrayal and treason against the people and Government of Ambazonia.

Thank you for yielding to the peoples' call.

Yours Sincerely

How Many More Missionaries Have to be Killed Before Paul Biya is Taken Out?

PRESS RELEASE

Interim Government on School Resumption

Lots of people seem to have misconstrued Secretary of Communications' statement on the subject of school resumption in the Southern Cameroons, Ambazonia. The Interim Government's (IG) position and that of the Frontline Leaders was very clear emerging from the Washington DC All Ambazonia Consultative Conference (AACC). And the position is that the right to education is inalienable. As such, should parents deem that the right environment exist and that it is safe to send their kids to school anywhere in Ambazonia, - schools where anything French, including French teachers, are kept away, parents alone are in the position to make that call.

However, the IG cannot vouch for the safety and security of any child going to school and any school campus opened for business. The decision for any child going back to school will have to be the sole discretion of his or her parents.

The IG is of the view that 99.9% of schools in Ambazonia remain very insecure, unsafe and unfit for any schooling. Most school compounds have since been transformed into military camps for invading French Cameroun terrorist soldiers. The IG equally holds very strongly that most of the soldiers mean to target the young population of Ambazonia of school going age for assassination. Aware of this, the IG will not by any means encourage such young people to leave their current safe abodes to uncertainty only to be assassinated by Cameroun soldiers. Your children go to school at your own risk.

Cameroun Soldiers Kidnap Students on Their Way to School

The Interim Government (IG) has received intelligence that French Cameroun (FC) soldiers in Bamenda were on Thursday, August 30th, given instructions to kidnap some students of the Presbyterian Girls Secondary School (PGSS) Bafut, suspected to be Amba restoration fighters. Nine students of the school plus the Principal have been picked up. Students of different colleges on their way to school were equally picked up by gunmen wearing FC's military uniforms.

The IG is asking all parents to put the security and safety of their children first before any decision to send them to school. We would rather that under the circumstances, parents be encouraged to keep their children home than sending them to be kidnapped by uniform gun men. We have made it unequivocally clear in previous communications that FC soldiers are out on a mission to pick up the children because they believe the children are the ones confronting them as Restoration Forces.

We reiterate once more, the incapability of this IG to offer any security to students going to school and schools opened for classes. What has happened in Bafut will happen anywhere else in Ambazonia because FC sees in our youths, a big threat to their mission to reconquer us and our territory.

Yours Sincerely

About a month ago, I made a strong case for a unique collaborative platform for all ground zero forces. Shortsighted people didn't see what I saw. They were quick to nail the idea! But they can see it now... ADF attacking SOCADEF in a full blown battle in Mator. Now, the whole village is in the bush, not because of any invading Irc terrorists, but because of the ADF. Yes, the ADF!! Can all of us now come back to our senses and INSIST on a single defense platform under the ASC? It will stop this MADNESS of group warring against another. Groups that refuse to come under the umbrella should be denied DONATIONS - as simple as that. We should stop funding loners who perhaps are all about fame and power grab. What the hell is going on in Mator, is that the "Block by Block" they promised Ambazonians?

The Debate

Disagreeing to Agree

03/12/2018

Brother, everything you have said is on point except that I have exceptions on paragraph 2.

The people don't care about the strategy? And we should not condemn certain practices? If it were left for you and me, I absolutely won't mind what croquet tactic we employ to get to Buea. But we cannot and must not encourage groups to do so because of the dicey nature of the struggle.

Our people have never known a civil war. They have always seen it on TV. It is easy to sit afar and say let them persevere, let them fight, not until the fight gets to your neck of the woods and your neighbors start to die and then you yourself start to cave in.

This fatigue element and a drain in moral is the reason why we have to discourage right now some actions that are not well thought out before execution. The wisdom here is that we are still in the early morning of the struggle and how long we still have to go is still very cloudy.

We are not even prepared yet to keep or occupy a small territory if LRC left one and ran away. How can we then provoke or encourage a situation that kills moral before we even figure out how to contain the outcome?

I have said that hit and run and kidnappings are good strategies as far as the targets are certain institutions and very high profile individuals like SDOs and some of these recalcitrant politicians. And you know where hit and run can be most effective too? Of course, LRC territory and their economic interests.

My simple point is that while we still figuring out real and effective direction, we should very much intentionally discourage anything that will get our own very people disillusioned. It is wisdom, not weakness. Villages are easy targets for LRC terrorists. You pick up theirs in there, and they come in daylight and burn down the place. But you target say Bamenda and kidnap a person there, it's impossible for them to come back and decimate Bamenda.

We must encourage groups to pick their targets very carefully so that collateral damage is minimized while at the same time our people see us as in action. That argues well for sustainability, especially of moral among our people in ground 0
